

BEAM

ILLUMINATING ARCHITECTURE

JUNIOR LIGHTING DESIGNER

Located just outside of Philadelphia, BEAM is an award-winning lighting design firm. We are seeking motivated designers with a solid interest in lighting design to join our firm. Visit our website: www.beamltd.com to explore our variety of projects.

Candidates should possess a strong design sense and eager to learn the field of lighting design. Experience in lighting design is not necessary but experience with AutoCAD, Revit, Photoshop and InDesign programs is required. We are searching for energetic and responsible candidates for a full-time position to work in a comfortable, friendly environment, to collaborate with the designers and principals.

The position includes supporting our lead designers on a variety of public and private sector projects. Tasks include: drafting and revising drawings; generating lighting calculations; creating presentation drawings and images; revising cut sheets and luminaire schedules. We offer continual opportunities for professional development and encourage employees to attend conferences and lighting tradeshow, as well as participate in the local and national lighting design and construction community.

BEAM offers an excellent benefits package including: health insurance, professional development, employer-contributed SIMPLE IRA retirement plan. We are an Equal Opportunity Employer. Email your cover letter, resume and electronic portfolio to: Kirsten Kent Carangi, Principal kirsten@beamltd.com.
